

**REMARKS**

The allowable subject matter in claims 3, 5 and 7-10 is acknowledged. As a result, claim 1 has been amended to include the recitations of claim 3, claim 7 has been rewritten in independent form, and a new claim 11 has been submitted which corresponds in scope to original claim 5. A new dependent claim 12, similar to amended claim 4, has also been added.

The Examiner's objection to claims 4 and 9 has been noted, and it is assumed that the word "imaginary" is the word being objected to by the Examiner. Thus, that word has been eliminated from claims 4 and 9 (and claim 12). It should thus now be clear that the reference line is between the air flow opening and the specific section in the reflector. If this amendment does not satisfy the objection of the Examiner, a telephone call to the undersigned would be appreciated.

Although it is believed that this amendment does not require any fee, if one is required, the Commissioner is hereby authorized to charge payment of any additional fees associated with this communication or credit any overpayment to Deposit Account No. 18-0987.

In view of the foregoing, the issuance of a Notice of Allowance of claims 1, 2 and 4-12 is respectfully requested.

Respectfully submitted,
